Where to find us:

Wesley Performing Arts Centre began life in 1912 as the Wesley Methodist Church. In 1977, the Methodist, Congregational and Presbyterian Churches united to form the Uniting Church in Australia. This left a surplus of buildings and so in 1992 Wesley Performing Arts & Cultural Centre was formed and purchased the local red brick building on the corner of Roberts Avenue and Urquhart Street, Horsham with its beautiful pipe organ and warm timber interior for use as a venue to present performing arts for the Wimmera. In 1998-1999 substantial redevelopment was carried out and a new foyer, dressing rooms and toilets were added to improve the venue and it has become recognised as one of the premier recital venues in regional Victoria.

With its welcoming semi-religious aura and no denominational affiliation, Wesley Performing Arts Centre offers the perfect venue for a non-denominational or non-religious Funeral or Memorial Celebration that will mean everyone will feel at home.
